THE BANBLER. NUMBER L

There is a kind of knowledge that men canno get from books. It must be obtained from in to course with the world, from mingling with

1 on, and mixing with society. No place is better suited to study men than a city. The country serves to study nature. There all is tresh-the trees are standing as us t we formed them, the mendows smile with rural From the London Post, September 20.] verdure, the little streams laugh along their mamy courses; all is natural, and all is beautiful.

It is otherwise in the city. There nature has surrendered to art. Green trees, and vernal Gen Serrano, the governor-general for the island residows and smiling lawns give place to huge of Cuba, relative to Mexico. Fourteen war ves-pilos of brick and mortar. The melody of ber of transports, were assembled at Havana en sweet birds is exchanged for the rumbling of sluys, the whitzing of steam, the bazz of cone ish citizens on the republic. There is no men merce, and the varied tones of hurried and basy men. The city is a great human hive. Comere nind goers, buyers and sellers, strangers and climate nature of the Spanish expedition to the strangers and civiliants, greet the vision whithersoever we turn our A PERSONAL LIBERTY BILL IN OLD SPAIN.

This morning I felt wearied with books, and determined to take a walk, and, by way of variery, to study one chapter of men. I was soon on Main street, the principal thoroughfure of this growing city, where I entered at once upon

the task I had assumed. Look' everybody is in a harry. No one walks except the agot and infirm. Everybody runs. Hurry is the word, Og, on is everybody. notes. Truly this is a fast age. People liv nest, they travel fast, they become rich or poor

Why is that fall man, who is engaged in loading that dray, so profine! He interlards every He swears as if he had mates before him. His seaths are new-langled and far-5 school, and they he solicited an explicit declaration relative are truly grating "to ears polite." I am took to the royal order of the twenty-minth that profamity is by no means uncommon in the March, 1835, regulating the condition to which hotels, on the bouls, in the cars, on the into Spain. In conformity with the decision sharf, at the depots, in business houses, and even the Council of State, and in virtue of the above in the private circle. And the little boys, 100, mentioned decree, her majesty has been gra-ure imitating their seniors, cursing and awaring clously pleased to declare that playes coming almost before they can articulate words with die from that island and Cuba into Spain with the auctures: Is this a characteristic of Memphis, musters, must consider themselves emancipate tise fur-famed Bluff City, the expected capital of without the consent of their owners being in the Confederate States ! Is this the city known pensable; that the freedom granted to the sai by and wide for the number and character of its | slaves in virtue of the decision of the 29th charreles and Sabbath schools ! Is this the city

Would that not only Memphis, but the entire laws."
South, while shaking off the vassalage of the North, would be divorced from all vice, and stand forth in virtue, peerless among the nations

There is a female in fattered rugs, leading a that she is weeping.
